Safety and Cleanup Specifications

SunView LED understands that safety in the workplace is paramount. All of the required local, state, and federal regulations are followed where applicable. Working in a safe, clean, and orderly environment is important and we try to maintain high standards for all of our representatives, engineers, and contracted skilled licensed professionals. All of our technicians understand that safety and an orderly workplace is essential to an efficient installation completion. Therefore, our working professionals follow the following criteria:

- ❖ Are skilled professionals who know their work and have the appropriate licensing or certification where and when required
- ❖ Wear the regulated and appropriate safety attire during work hours
- ❖ Carry appropriate personal and company identification which will be shown when requested
- ❖ Restrict their use of and movement in our customer's facility to the work area that requires their attention unless there is an installation related issue elsewhere for them to review
- ❖ Maintain extra care and attention to keeping their work area clean during work hours
- ❖ The disposal of the existent lighting and related equipment will be discussed with the customer
